What this standard covers

This standard specifies the product classification, requirements, test methods, inspection rules and markings, packaging, transportation and storage of pointer and liquid crystal digital quartz watches (hereinafter referred to as "watches"). This standard applies to quartz watches with quartz resonators and nominal working voltage of DC 1.50V or DC 3.00V that indicate time in both hands and liquid crystal; other timers with the same function can be used for reference.

Document data

International classification (ICS): 39.040.10.

Chinese classification (CCS): Y11.

Estimated length of the Chinese original: 12,146 words.

Supersedes the earlier edition QB/T 1909-2012.
