What this standard covers

This standard specifies the product classification, requirements, test methods, inspection rules and signs, packaging, transportation and storage of manual riveting guns. This standard is applicable to the manual riveting gun for blind rivets stipulated in GB/T 3098.19 for single-side riveting, hereinafter referred to as "pulling rivet gun". The blind rivet body material is aluminum, aluminum alloy, brass, carbon steel and stainless steel; the body diameter is 2.4 mm to 6.4 mm.
