What this standard covers

This standard specifies the polystyrene resin product categories, specifications, identification, requirements, test methods, inspection rules, and packaging, signs, transportation and storage. This standard applies to the styrene monomer, by suspension polymerization and adding pentane blowing agent polystyrene resins. This standard does not apply to food-grade EPS resins.

Document data

International classification (ICS): 83.080.20.

Chinese classification (CCS): G32.

Estimated length of the Chinese original: 9,960 words.
