What this standard covers

This standard specifies the household and similar electrical pressure cooker energy efficiency rating, energy efficiency limit, energy conservation evaluation values ??and test methods and inspection rules. This standard applies to the heating element to heat source, rated capacity of not more than 10L of household and similar electrical pressure cooker. This standard does not apply with the pressure cooker.

Document data

International classification (ICS): 97.040.50.

Chinese classification (CCS): Y63.

Estimated length of the Chinese original: 9,980 words.
