What this standard covers

This standard specifies the polytetrafluoroethylene tube (hereinafter referred to as "PTFE tubing") model specifications, requirements, test methods, inspection rules and signs, packaging, transportation and storage. This standard applies to the use of unfilled PTFE dispersion or suspension of resin (polytetrafluoroethylene-containing recycled resin) from the processing of pipe.

Document data

International classification (ICS): 83.140.99.

Chinese classification (CCS): Y28.

Estimated length of the Chinese original: 11,114 words.

Supersedes the earlier edition QB/T 3624-1999.
