What this standard covers

This standard specifies the product classification, requirements, test methods, inspection rules, markings, packaging, transportation and storage of polyurethane island-type microfiber synthetic leather for clothing. This standard is applicable to the polyurethane type island-type microfibers for garments made of polyurethane nonwovens, wet coagulation, reduction treatment, and finishing after the non-woven fabric made of island-type sea-island composite fibers is used as the base. Synthetic Leather.

Document data

International classification (ICS): 59.080.40.

Chinese classification (CCS): Y47.

Estimated length of the Chinese original: 9,911 words.
