What this standard covers

This standard specifies the technical requirements, test methods, inspection rules, marking, packaging, transportation, storage and shelf life of tea extract for oral cleaning and care products. This standard applies to the polyphenolic compounds with catechin as the main body extracted from tea (*Camellia sinensis* L.) as the raw material, and the characteristic component is epigallocatechin-3-gallate (epigallocatechin-3-gallate, EGCG).
