What this standard covers

This standard specifies the requirements, inspection rules and markings, packaging, transportation and storage of toilet paper thickness testers, and describes the corresponding test methods. This standard applies to the design, production, inspection and sales of thickness measuring instruments that use the contact method to measure the thickness, apparent layer tightness and bulk of toilet paper and its products.

Document data

International classification (ICS): 85.1.

Chinese classification (CCS): Y91.

Estimated length of the Chinese original: 9,976 words.
