What this standard covers

This standard specifies the product classification, requirements, inspection rules, markings, instructions for use, packaging, transportation and storage of hanging basket chairs, describes the corresponding test methods, and defines relevant terms and definitions. This standard applies to the production, inspection and sales of support-type hanging basket chairs. This standard does not apply to suspended basket chairs. Note: Suspended basket chair refers to a seat that is suspended from a fixed component with a rope and can swing around.
