What this standard covers

This standard specifies the requirements for plant-based meat, describes the corresponding test methods, and stipulates the contents of production and processing management, inspection rules, labeling, marking, packaging, transportation, and storage. It also defines relevant terminology. This document applies to the production, inspection, and sale of plant-based meat with a cumulative animal-derived ingredient content not exceeding 5% (based on the formula).

Document data

International classification (ICS): 67.060.

Chinese classification (CCS): X11.

Estimated length of the Chinese original: 10,163 words.
