What this standard covers

This standard specifies the frost capacity rating of evaporators for household refrigerators and describes the corresponding test methods. This standard applies to the testing and evaluation of the frost capacity of evaporators for frost-free household refrigerators. The testing and evaluation of the frost capacity of evaporators for frost-free freezers should refer to this standard.

Document data

International classification (ICS): 97.040.30.

Chinese classification (CCS): Y61.

Estimated length of the Chinese original: 8,826 words.
