1 Scope

QB/T 8170-2026 covers quick-frozen food made of wheat and rice. These are prepared foods based on wheat flour or rice, such as dumplings, buns or rice-based items, that are frozen rapidly and sold frozen. It is a product standard, and the document deals with this category of food. It does not go beyond frozen foods of this wheat and rice type, and it leaves other frozen goods to other documents.

Frozen food manufacturers, catering and retail companies, distributors, importers, buyers and food testing laboratories would refer to it. It is a voluntary standard, as the /T in its code shows. The Ministry of Industry and Information Technology issued it on 13 February 2026, and it takes effect on 1 September 2026. It replaces SB/T 10412-2007.
