1 Foreword

QX/T 127-2011 was issued by China Meteorological Administration on 7 April 2011 and has been in force since 1 September 2011.

The QX/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 8 pages in English translation.

2 Scope Preview

This standard specifies the definition, indicators and evaluation of meteorological satellite quantitative product quality assessment. This standard applies to meteorological satellite quantitative product quality evaluation business, service and research work.

QX/T 127-2011 is filed under Chinese Standard Classification A 47, in the field of general, standardization and metrology.
