1 Foreword

QX/T 137-2011 was issued by China Meteorological Administration on 16 August 2011 and has been in force since 1 March 2012.

The QX/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 11 pages in English translation.

2 Scope Preview

This standard specifies the contents of the hierarchical data file format for meteorological satellite products. This standard applies to the hierarchical data format meteorological satellite products processing, distribution, archiving, service process in the record file.

QX/T 137-2011 is filed under Chinese Standard Classification A 47, in the field of general, standardization and metrology.
