1 Foreword

QX/T 144-2011 was issued by China Meteorological Administration on 16 August 2011 and has been in force since 1 March 2012.

The QX/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 8 pages in English translation.

2 Scope Preview

This standard specifies the East Asian winter monsoon index definition, calculation method, the intensity level division. This standard is applicable to the monitoring, forecasting and impact assessment of the East Asian winter monsoon.

QX/T 144-2011 is filed under Chinese Standard Classification A 47, in the field of general, standardization and metrology.
