1 Foreword

QX/T 230-2014 was issued by China Meteorological Administration on 25 July 2014 and has been in force since 1 December 2014.

The QX/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview
