1 Foreword

QX/T 453-2018 was issued by China Meteorological Administration on 30 November 2018 and has been in force since 1 March 2019.

The QX/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 12 pages in English translation.

2 Scope Preview

This standard specifies the requirements for the acquisition, application and dissemination of basic meteorological data and products. This standard applies to the use of basic meteorological data and products.

QX/T 453-2018 falls under ICS 07.060, in the field of natural and applied sciences.

This catalogue holds 269 other QX/T standards in that field.
