1 Foreword

QX/T 93-2017 was issued by China Meteorological Administration on 30 October 2017 and has been in force since 1 March 2018.

It replaces the earlier edition QX/T 93-2008.

2 Scope

This standard specifies the format of the monthly archived data for surface meteorological radiation observation data. This standard applies to the archiving of ground meteorological radiation observation data in China, and is the basis for processing, statistical and data service products for ground meteorological radiation data.

3 About this standard

Issued by: China Meteorological Administration

English translation: about 23 pages

Chinese original: about 34,322 characters

Supersedes the earlier edition QX/T 93-2008.

4 Classification and status

International classification (ICS): 07.060

Chinese Standard Classification (CCS): A 47

Prefix QX/T: recommended standard.
