1 Foreword

RB/T 036-2020 was issued by National Certification and Accreditation Administration on 26 August 2020 and has been in force since 1 December 2020.

The RB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 6 pages in English translation.

2 Scope Preview

This standard provides guidelines for the classification, evaluation procedures, evaluation content, evaluation methods, and evaluation conclusions of scientific research reagents: This standard applies to the evaluation of scientific research reagents by scientific research institutions and evaluation institutions, and manufacturers can refer to it for use: Note: The evaluation institution refers to the institution that presides over or participates in the evaluation, verification and testing of reagents for scientific research:

RB/T 036-2020 is filed under Chinese Standard Classification A 00, in the field of general, standardization and metrology.

This catalogue holds 54 other RB/T standards without an ICS number.

In this catalogue, RB/T standards carry edition years from 2013 to 2026.
