1 Foreword

SF/T 0136-2023 was issued by Ministry of Justice of the People's Republic of China on 7 October 2023 and has been in force since 1 December 2023.

The SF/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 7 pages in English translation.

2 Scope Preview

This standard specifies the overall requirements for species identification of non-human biological test materials (hereinafter referred to as "test materials") based on DNA barcoding technology, as well as the requirements for inspection procedures, identification opinions and identification documents. This document is suitable for laboratories using DNA barcoding technology to identify species of test materials.
