1 Foreword

SF/T 0144-2023 was issued by Ministry of Justice of the People's Republic of China on 7 October 2023 and has been in force since 1 December 2023.

The SF/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 7 pages in English translation.

2 Scope Preview

This standard specifies the requirements for instruments and equipment, identification procedures, identification results storage, identification records and identification opinions for electronic data identification of civil unmanned aerial vehicles (hereinafter referred to as "UAVs"). This document is applicable to the extraction, fixation, inspection and identification of electronic data from drones in the field of forensic identification.
