1 Foreword

SF/T 0157-2023 was issued by Ministry of Justice of the People's Republic of China on 7 October 2023 and has been in force since 1 December 2023.

It replaces the earlier edition SF/Z JD0401002-2015.

The SF/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard specifies the overall requirements for mobile terminal electronic data identification, as well as the requirements for equipment, identification steps, identification results storage, identification records and identification opinions. This document is applicable to the identification of the existence and authenticity of electronic data in mobile terminals in the field of forensic identification, as well as the identification of the functions of applications in mobile terminals.
