What this standard covers

This standard specifies the classification, technical requirements, test methods, inspection rules, marking, packaging, accompanying technical documents, transportation, and storage for portable voice amplifiers. It applies to the design, production, inspection, and use of portable voice amplifiers intended for sound reinforcement in indoor or outdoor settings; other types of voice amplifiers may refer to this standard.

Document data

International classification (ICS): 33.160.99.

Chinese classification (CCS): M72.

Estimated length of the Chinese original: 24,229 words.

Supersedes the earlier edition SJ/T 10600-1994.
