What this standard covers

This standard applies to the qualification approval based on quartz crystal oscillators of assessed quality. This standard specifies the general specification SJ/T 11256 (idt IEC 60679-1: 1998) given priority ratings and characteristics as well as the applicable test methods and measurement methods, and gives a detailed specification quartz crystal oscillators used in General performance requirements.

Document data

International classification (ICS): 31.140.

Chinese classification (CCS): L21.

Estimated length of the Chinese original: 12,148 words.

Adopted international standard: IEC 60679-5-1998, IDT.
