What this standard covers

This standard specifies the compliance conditions, dimensions, mechanical and physical characteristics, working signals, data formats, and information area formats for a 120 mm diameter read-only optical disk with a data capacity of 15 mm. Such a disc is suitable for storage and exchange of data such as text, audio, video, and the like.

Document data

Chinese classification (CCS): L64.

Estimated length of the Chinese original: 35,323 words.
