1 Foreword

SJ/T 11751-2020 was issued by Ministry of Industry and Information Technology on 16 April 2020 and has been in force since 1 October 2020.

The SJ/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 8 pages in English translation.

2 Scope Preview

This standard specifies the technical requirements and security requirements for the data interface of the supply chain QR code traceability system. This standard applies to the design and construction of the supply chain QR code traceability system.
