

**INDUSTRY STANDARD OF THE
PEOPLE'S REPUBLIC OF CHINA**

SJ/T 12014.1-2025

**Test Methods for Electrical Parameters of Bifacial Photovoltaic
Modules - Part 1: Bifacial Synchronous Illumination Method
(English Translation)**

Issued on: September 9, 2025

Implemented on: March 1, 2026

Issued by: Ministry of Industry and Information Technology

What this standard covers

This standard specifies the terms and definitions, method principles, test conditions, test samples, test procedures, data processing, and test reports for the simultaneous bifacial illumination test method regarding the electrical parameters of bifacial photovoltaic modules under simulated sunlight. It applies to the indoor testing of electrical parameters for bifacial photovoltaic modules.
