Foreword

SJ/T 12114-2026 is a recommended industry standard of the People's Republic of China in the Electronics sector, approved and issued by the Ministry of Industry and Information Technology on 28 April 2026, with effect from 1 August 2026.

Classification: ICS 35.240; CCS L70.

1 Scope

SJ/T 12114-2026 sets out technical requirements for office large model systems, a key technology area of artificial intelligence. An office large model system applies a large AI model to everyday office work, and the document describes the technical requirements for such a system.

Developers and suppliers of office AI products, software integrators, organisations that plan to deploy them and evaluators can use it. It is a voluntary standard (code with /T). The Ministry of Industry and Information Technology approved it. It was issued on 28 April 2026 and takes effect on 1 August 2026. It is a new standard.
