Foreword

SJ/T 12124-2026 is a recommended industry standard of the People's Republic of China in the Electronics sector, approved and issued by the Ministry of Industry and Information Technology on 28 April 2026.

Classification: ICS 35.240.50; CCS L70.

1 Scope

SJ/T 12124-2026 is an assessment specification for the digital operation capability of industrial parks. It deals with how an industrial park, as an operator of sites, services and enterprises, can be evaluated on the way it runs its operations by digital means.

Park management bodies, operators, assessment organisations, consultants and the authorities that guide industrial parks can use it. The standard is voluntary, as the /T in its code shows. The Ministry of Industry and Information Technology approved it. It was issued on 28 April 2026 and is effective from 28 April 2026. It is a new standard.
