1 Foreword

SL 567-2012 is issued by Ministry of Water Resources of the People's Republic of China.

The SL prefix, without a suffix, marks a mandatory standard: within its scope, compliance is required.

The document runs to 8 pages in English translation.

2 Scope Preview

This standard applies to reorganize the work of water conservancy and hydropower engineering design phase of each geological survey data.

SL 567-2012 falls under ICS 27.140, in the field of energy and heat transfer engineering.

This catalogue holds 100 other SL standards in that field.

In this catalogue, SL standards carry edition years from 1989 to 2020.
