1 Foreword

SL 580-2012 was issued by Ministry of Water Resources of the People's Republic of China on 19 October 2012.

2 Scope

This standard specifies the electronic theodolite/total station dimensional coordinate measuring technique basic requirements and methods for detection of hydraulic metal structures.It cites 3 other standards.

3 Normative references

The following documents are referred to in the text in such a way that some or all of their content constitutes requirements of this document.

JJF 1001-1998

JJG 100

JJG 703

4 About this standard

Issued by: Ministry of Water Resources of the People's Republic of China

English translation: about 9 pages (approximate)

5 Classification and status

International classification (ICS): 91.080.10

Chinese Standard Classification (CCS): P 26

Prefix SL: mandatory standard.
