## 1 Foreword

SL/T 798-2020 was issued by Ministry of Water Resources of the People's Republic of China on 24 July 2020 and has been in force since 24 October 2020.

The SL/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

## 2 Scope Preview

This standard specifies the types, registration parameters, access interfaces and registration procedures of water conservancy information products and services. This standard applies to the design, development and registration of water conservancy information products and services.

SL/T 798-2020 falls under ICS 03.080.99, in the field of services and company
