1 Foreword

SL/T 801-2020 was issued by Ministry of Water Resources of the People's Republic of China on 27 July 2020 and has been in force since 27 October 2020.

The SL/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 13 pages in English translation.

2 Scope Preview

This standard specifies the composition, data organization, service organization and management of spatial information services. This standard applies to the organization, design, construction, management and application of spatial information services for a single map of water conservancy.

SL/T 801-2020 falls under ICS 35.240.99, in the field of information technology.
