1 Foreword

SL/T 821-2023 was issued by Ministry of Water Resources of the People's Republic of China on 1 November 2023 and has been in force since 1 February 2024.

The SL/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 29 pages in English translation.

2 Scope Preview

This standard is applicable to the preparation of water-saving plans for administrative districts and regions (watersheds) at the county level and above. The preparation of other types of water-saving plans or chapters of water-saving plans can be implemented with reference.

SL/T 821-2023 falls under ICS 07.060, in the field of natural and applied sciences.
