1 Foreword

SL/T 823-2024 was issued by Ministry of Water Resources of the People's Republic of China on 11 April 2024 and has been in force since 11 July 2024.

The SL/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 25 pages in English translation.

2 Scope Preview

This standard applies to the maintenance of large and medium-sized silt dams in the Loess Plateau.

SL/T 823-2024 falls under ICS 93.160, in the field of civil engineering.

This catalogue holds 10 other SL/T standards in that field.
