1 Foreword

SL/T 824-2024 was issued by Ministry of Water Resources of the People's Republic of China on 6 May 2024 and has been in force since 6 August 2024.

The SL/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 36 pages in English translation.

2 Scope Preview

This standard specifies the basic requirements and work content for the collection and filing of documents for water conservancy project construction projects. This standard applies to the formation, collection, organization, and filing of documents for water conservancy project construction projects such as new construction, reconstruction, expansion, and technical transformation.
