1 Foreword

SL/T 826-2024 was issued by Ministry of Water Resources of the People's Republic of China on 4 June 2024 and has been in force since 4 September 2024.

The SL/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 35 pages in English translation.

2 Scope Preview

This standard applies to the preparation and revision of river (including reservoir area) and lake shoreline protection and utilization planning.

SL/T 826-2024 falls under ICS 27.140, in the field of energy and heat transfer engineering.

This catalogue holds 23 other SL/T standards in that field.
