### Foreword

SN/T 0230 is divided into 2 parts.

---SN/T 0230.1 Inspection procedures for dehydrated vegetables at import and export;

---SN/T 0230.2 Inspection procedures for export dehydrated garlic products.

This part is the first part of SN/T 0230.

This part is drafted in accordance with the rules given in GB/T 1.1-2009.

This part replaces SN/T 0230.1-1993 "Procedures for the Inspection of Exported Dehydrated Vegetables". This part is compared with SN/T 0230.1-1993.

The main technical changes except editorial changes are as follows.

---Modified standard name;

--- Revised the scope of application;

--- Re-define the dehydrated vegetables;

--- Re-specification of the inspection lot;

--- Modified the inspection process;

--- Increased acid-insoluble ash, rehydration, sodium saccharin, cyclamate, sorbic acid, benzoic acid test, hygiene test and microbial, irradiation Test items;

--- Increased the validity of the test.

This part is proposed and managed by the National Certification and Accreditation Administration of the People's Republic of China.

This section drafted by. Shandong Entry-Exit Inspection and Quarantine Bureau of the People's Republic of China.

## 1 Scope

This part of SN/T 0230 stipulates the sampling and inspection of imported and exported dehydrated vegetables, the determination of inspection results, unqualified disposal, and samples.

save.

This section applies to the inspection of imported and exported dehydrated vegetables.
