Foreword

This standard was drafted in accordance with the rules given in GB/T 1.1-2009.

This standard replaces SN/T 1244-2016 "Industrial Supervision Regulations for Entry and Exit Vessels", SN/T 1258-2003 "Inbound and Outbound Ship Health Supervision" Supervision and Evaluation Standards, SN/T 1426-2010 "Maintenance Regulations for Ships and Wastes in and Out of Ships", SN/T 2644-2010 "International Navigation Ships "Maintenance Supervision Regulations for Shipyard Maintenance" and SN/T 3158-2012 "Evaluation Standards and Management Rules for Health Risk Classification of Entry and Exit Ships".

This standard and SN/T 1244-2016, SN/T 1258-2003, SN/T 1426-2010, SN/T 2644-2010, SN/T 3158-Compared with 2012, the main technical changes are as follows.

--- Added "requirements";

---Adjusted the contents of the "on-site inspection";

---Adjusted the content of "Results Determination and Disposal";

--- Removed the "Appendix A (informative appendix) entry and exit vessel health supervision record table (example)" in SN/T 1244-2016" Record B (informative) entry and exit vessel health supervision sampling record (example) "Appendix C (normative appendix) entry and exit vessel Health supervision and evaluation indicators";

--- Added "Appendix A (Normative Appendix) Sanitary Supervision and Evaluation Form for Entry and Exit Vessels".

This standard is proposed and managed by the National Certification and Accreditation Administration.

This standard was drafted. Shandong Entry-Exit Inspection and Quarantine Bureau of the

People's Republic of China, Shanghai Entry-Exit Inspection and Quarantine Bureau, Tianjin Entry-Exit Inspection and Quarantine Bureau of the People's Republic of China.
