Foreword

SN/T 1588 "Importers lighting for the inspection" is divided into 12 parts.

- Part 1. heat lamps heat test test light source;
- Part 2. General requirements;
- Part 3. Particular requirements for swimming pools and similar lamps used;
- Part 4. festive lighting;
- Part 5. double capped fluorescent lamps;
- Part 6. domestic and similar general lighting incandescent;
- Part 7. Cartridges bayonet;
- Part 8. ballasts for fluorescent lamps;
- Part 9. fluorescent starter;
- Part 10. metal halide lamp energy efficiency;
- Part 11. Portable general purpose luminaires;
- Part 12. screw holder.

This section SN/T 1588 Part 11.

This section drafted in accordance with GB/T 1.1-2009 given rules.

Please note that some of the content of this document may involve patents. Release mechanism of the present document does not assume responsibility and identify these patents.

The partial replacement of SN/T 1066-2002 "export portable general purpose lighting for the inspection." this section compared with the SN/T 1066-2002, the main technical changes are as follows.

--- This part of the name, the scope has been modified.

--- According to GB 7000.1-2007, GB 7000.204-2008, GB 17743-2007, GB 17625.1 standard content revision and modification;

--- This part of the standard SN/T 1066-2002 and cited a number of test content, test methods are adding and adjustments;

--- This section provides a variety of inspection and supervision model and test methods.

This section proposed and managed by the National Certification and Accreditation Administration Committee.

Introduction

"Importers and fixtures for the inspection - Part 11. Portable general purpose luminaires" import and export Portable general purpose luminaires inspection work basis, Import and export inspection and portable general purpose luminaires play a guiding and regulating.

With China's accession to the World Trade Organization (WTO) and the revised "People's Republic of China Import and Export Commodity Inspection Law" Import and Export Commodity Inspection Test mode has undergone great changes, and changes in order to adapt to the situation, the state department in charge of inspection and quarantine inspection and quarantine standards organization established system.

This part belongs to the standard system of inspection and quarantine fourth floor --- personality standard, provides import and export Portable general purpose luminaires special inspection Claim.

Inspection of import and export lamps Part 11. Portable general purpose luminaires

1 Scope

SN/T 1588 provisions of this part of the import and export of portable general purpose lighting requirements, testing and judgment.

This section applies except portable lights, the power supply voltage does not exceed 250V electric light as a light source for portable general purpose lamps out Port inspection.

2 Normative references

The following documents for the application of this document is essential. For dated references, only the dated version suitable for use herein Member. For undated references, the latest edition (including any amendments) applies to this document.
