Foreword

SN/T 1688 "Import and Export Motor Vehicle Inspection Regulations" is divided into several parts, and its expected structure is.

- Part 1 General Requirements;
- Part 2 motorcycles;
- Part 3 agricultural transport vehicles.

This part is the third part of SN/T 1688.

This part is proposed and managed by the National Certification and Accreditation Administration.

This section drafted by. Luoyang Entry-Exit Inspection and Quarantine Bureau, National Tractor Quality Supervision and Inspection Center.

Introduction

The "Import and Export Motor Vehicle Inspection Regulations" is the basis for the inspection of import and export motor vehicles, and provides guidance for the inspection of import and export motor vehicles.

And normative role.

With the revision of China's accession to the World Trade Organization (WTO) and the "Commodity Inspection Law," the import and export commodity inspection work model has undergone great changes.

In order to adapt to the situation and changes, the national inspection and quarantine

authorities have established a system of inspection and quarantine standards.

This part belongs to the fourth layer of the inspection and quarantine standard system (the third layer of the professional standard system for electromechanical inspection)---personality standard, for agricultural transportation Special requirements for vehicle inspection procedures.
