Foreword

This standard was drafted in accordance with GB/T 1.1-2009 given rules.

Instead of the standard SN/T 0399-1995 "export dried red dates for the inspection", SN/T 0887-2000 "Import and Export Inspection Regulations persimmon Cheng ", SN/T 0961-2000" Importers raisins test methods. " this standard compared with SN/T 0399-1995, SN/T 0887-2000, SN/T 0961-2000, the main technical changes are as follows.

- Modify the scope of application;
- Nuts in accordance with ISO 4125 Dui defined;
- For inspection lot redefined;
- Modify the inspection process;
- According to the current new inspection requirements, increasing the number of physical and chemical testing, health inspection and micro-organisms, irradiation test items.

This standard is proposed and managed by the National Certification and Accreditation Administration Committee.

This standard was drafted. People's Republic of China Shandong CIQ, People's Republic of China Tianjin Entry-Exit Inspection and Quarantine Bureau.

1 Scope
