1 Foreword

SY/T 0439-2012 is issued by National Development and Reform Commission.

The SY/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 155 pages in English translation.

2 Scope Preview

This standard applies to oil, gas, oil pipelines, gas pipelines, oil depots, gas storage, liquefied natural gas and other engineering design.
