What this standard covers

This standard specifies the drilling fluid viscosity reducer zwitterionic polymer technical requirements, test methods, precision requirements, inspection rules, signs, packaging and storage. This standard applies to drilling fluid viscosity reducer amphoteric ion polymer inspection and acceptance.

Document data

International classification (ICS): 75.020.

Chinese classification (CCS): E14.

Estimated length of the Chinese original: 9,992 words.

Supersedes the earlier edition SY/T 5695-1995.
