1 Foreword

TB/T 3026.5-2002 was issued by National Railway Administration on 9 February 2002 and has been in force since 1 July 2002.

It is one of 6 parts of the TB/T 3026 series.

The TB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard specifies the digital conference phone extension of the technical requirements and test methods. This standard applies to digital conference phone extension design, production and testing, but also for scientific research and engineering design.

TB/T 3026.5-2002 is filed under Chinese Standard Classification M40, in the field of telecommunications and broadcasting.

This catalogue holds 1,254 other TB/T standards without an ICS number.

In this catalogue, TB/T standards carry edition years from 1973 to 2026.
