Table of Contents

1 Scope
2 Normative references
3 Terms and definitions
4 Characteristics, varieties and specifications of differential plates
4.1 Characteristics of differential plates
4.2 Variety of thick plates
4.3 Slab specifications
4.4 Variable thickness area of differential plate
4.4.1 Representation of variable thickness area
4.4.2 Shape of variable thickness area
4.5 Dimensions of Different Plates
4.6 Priority series for differential plate specifications
5 Requirements
5.1 General
5.2 Allowable dimensional deviation of differential plates
5.2.1 Allowable thickness deviation in equal thickness area
5.2.2 Allowable deviation of variable thickness area
5.2.3 Allowable width deviation and allowable length deviation

1 Foreword

TCSAE 59-2017 was issued by China Society of Automotive Engineers on 3 November 2017 and took effect the same day.

The TCSAE prefix marks a association standard, adopted voluntarily.

The document runs to 19 pages in English translation.

2 Scope Preview

This standard specifies the terms, dimensions and shape of rolling differential plates, technical requirements, inspection methods, classification, classification and code. This standard is applicable to cold rolled thick plates for automobiles with thickness of 0.5mm~3.5mm, including steel plates, steel strips and steel coils.

TCSAE 59-2017 falls under ICS 43.120, in the field of road vehicle engineering.

This catalogue holds 32 other TCSAE standards in that field.

In this catalogue, TCSAE standards carry edition years from 2015 to 2020.

3 About this standard

Issued by: China Society of Automotive Engineers

English translation: about 19 pages

Chinese original: about 25,247 characters

4 Related standards

Standards on related subjects:

QC/T 1029-2016 - Polypropylene (PP) honeycomb board products for automobiles

QC/T 797-2008 - Material identification and marking of automotive plastic, rubber and thermoplastic elastomer parts

5 Classification and status

International classification (ICS): 43.120

Chinese Standard Classification (CCS): T 40

Prefix TCSAE: association standard, adopted voluntarily.
