1 Foreword

TY/T 1112-2024 was issued by General Administration of Sport on 15 November 2024 and has been in force since 1 June 2025.

The TY/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 18 pages in English translation.

2 Scope Preview

This document establishes the basic procedures for the production of ice hockey game broadcasts and stipulates the basic requirements for the production of public signals before, during, between and after games. The requirements, as well as the corresponding production process, audio production, subtitle production, scan production and playback production and other technical requirements, give 4 camera positions, Recommended settings for three production systems. 6-camera and 10-camera. This document is applicable to the broadcasting and production of ice hockey events by public signal production organizations, and can be used as a reference by other production organizations.

TY/T 1112-2024 falls under ICS 03.080.20, in the field of services and company
