Foreword

WS 599 "Basic Data Collection for Hospital People's Property Management" is divided into four parts.

- Part 1. Hospital Human Resource Management;
- Part 2. Hospital Finance and Cost Accounting Management;
- Part 3. Hospital material management;
- Part 4. Hospital fixed asset management.

This part is the third part of WS 599.

This part is drafted in accordance with the rules given in GB/T 1.1-2009.

This part is proposed by the National Health Standards Committee Information Standards Committee.

The main drafting units of this section are the General Hospital of the Chinese People's Liberation Army, the Health Bureau of the Logistics Support Department of the Central

Military Commission, and the Fourth Military Medical University.

1 Scope

This part of WS 599 specifies the metadata attributes and data element attributes of the basic data set for hospital material management.

This section applies to health information systems related to hospital material management.

2 Normative references

The following documents are indispensable for the application of this document. For dated references, only the dated version applies to this article.

Pieces. For undated references, the latest edition (including all amendments) applies to this document.

WS 370 Health Information Basic Data Set Compilation Specification

3 Dataset metadata properties

According to WS 370, the dataset metadata attributes are shown in Table 1.

Table 1 Dataset Metadata Attributes

Metadata subset metadata item metadata value Identification information subset Data set name Basic data set for hospital personnel property management Part 3. Hospital material management Data Set Identifier HDSC00.04 Data Set Issuer - Unit Name National Health Standards Committee Information Standards Professional Committee Keywords hospital, materials, medicines, materials, logistics materials Data set language Data Set Classification - Category Name Health Management - Hospital Operations Management Content information subset Dataset summary of hospital drug, consumables, equipment, logistics materials and other material management related content Dataset feature data material name, code, manufacturer, supplier, inventory, etc.

4.1 Data Element Common Attributes

The data element common attributes are shown in Table 2.

Table 2 Data Element Common Attributes

Attribute type data element attribute name attribute value Identification class version V1.0 Registration Authority National Health Standards Committee Information Standards Committee Relevant environmental health information Relational classification Management Information Authority National Health and Family Planning Commission Statistical Information Center Registration status standard status Submitted to the General Hospital of the Chinese People's Liberation Army

4.2.1 Drug management

The specific attributes of the drug management data element are shown in Table 3.

Table 3 Drug Management Data Element Specific Attributes

Internal identification Data element Identification (DE) Data element name definition Data element Number of values According to type Representation Data element allowed value HDSC00.

04.001

DE09.00.

286.00

Drug code

The only generation of a drug identified in the system Natural number with N N10 greater than zero HDSC00.

04.002

DE09.00.

287.00

Drug Name

The unique name of a drug identified in the system S AN..30 A paragraph of any character description HDSC00.

04.003

DE08.50.

043.00

Drug specifications

Depending on formulation specifications and packaging specifications Right drug specification name S AN..30 A paragraph of any character description HDSC00.

04.004

DE09.00.

288.00

Production batch number and expiration date attribute of drug batch drug N N10 Natural number greater than zero HDSC00.

04.005

DE08.50.

036.00

Unit of measure for the storage attribute of this type of material S AN..10 A paragraph of any character description HDSC00.

04.006

DE08.50.

040.00

Classification of different properties of drug classification drugs S AN..30 A paragraph of any character description HDSC00.

04.007

DE09.00.

289.

Material group

The name of the class in the hospital S AN..30 See 6.2 Material Group Dictionary HDSC00.

04.008

DE08.50.

031.00

Inventory

Basic inventory management unit within the hospital name S AN..30 A paragraph of any character description HDSC00.

04.009

DE09.00.

290.00

Manufacturer's name for the manufacturer of this type of material S AN..30 A paragraph of any character description HDSC00.

04.010

DE08.50.

035.00

supplier

The name of the business that sells and supplies such materials S AN..30 A paragraph of
