1 Foreword

WS/T 244-2005 was issued by National Health Commission on 8 May 2005 and has been in force since 1 December 2005.

The WS/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 8 pages in English translation.

2 Scope Preview

This standard specifies the reference method for platelet count technical requirements. This standard applies to the platelet count to establish the reference method.

WS/T 244-2005 falls under ICS 11.02, in the field of health care technology.

This catalogue holds 489 other WS/T standards in that field.

In this catalogue, WS/T standards carry edition years from 1996 to 2026.
