4 Document content structure

The composition of the document content is shown in Table 1, and the document example is shown in Appendix A.

5.1 Document Activity Class Specification

The composition of document activity elements and their correspondence with data elements are shown in Table 2.

5.2 Participant class specification

The composition of participant class elements and the corresponding relationship with data elements are shown in Table 3.

5.3 Specifications for related activities

The specification element composition of the associated activity class and the corresponding relationship with the data element are shown in Table 4.

6.1 Document body chapter structure

The chapter structure of the document body is shown in Table 5.

6.2 Laboratory inspection chapter

6.2.1

The composition of the laboratory inspection chapter entries the composition of items in the laboratory inspection chapter is shown in Table 6.

6.3 Cost section

6.3.1

The composition of cost chapter entries See Table 8 for the composition of items in the cost chapter.

6.3.2 Element composition of cost chapter

The element composition of the cost chapter is shown in Table 9.

6.4 Allergy history chapter

6.4.1

The composition of allergy history chapter entries the composition of allergy history chapter entries is shown in Table 10.

Table 10 Composition of allergy history chapter entries

Item name cardinality constraint description Allergy entry 0.. O describes allergy-related activities, it focuses on allergy-related records

6.4.2 Elemental composition of allergy history chapter

The element composition of the allergy history chapter is shown in Table 11.

6.5.2 Elemental composition of the chapter on occupational exposure history

See Table 13 for the element composition of the chapter on occupational exposure history.

6.6 Chapters of past history

6.6.1

The composition of past history chapter entries the composition of the chapters of past history is shown in Table 14.

6.7.2 Elemental composition of family history chapters

The element composition of the family history chapter is shown in Table 17.
